

## KAP(SS) FOR KID(SS) JUNE 2010 PRESENTATION

Well guys and gals, it was a special day and I feel so good about having the opportunity to give back just a little bit to God's babies who are trying to get well. God bless them, and God bless you for being there today...It was terrific. Let's pray that we'll be able to do this again around Christmas. I think that will be a special time. We can dress up as Santa's Submarine Helpers. WHOA!!! That sounds terrific.

Thank you Chelsea. We all appreciate your help and support.

BZ to all.

Your Brother in Christ,  
Lou

## HARPER DROLET

This Harper Drolet, my young neighbor who turned 10 today. She is fighting cancer and it appears that she has won. The picture on the left is her Dad, James, and Harper, and her baby sister Helen. She was discharged from MUSC yesterday, but she has to go back in on Monday for additional treatment. Let's all keep her in our prayers. I gave her the ball cap today. She doesn't get out much but even though it was blistering hot today she was outside enjoying the great outdoors.
