

**Kap(SS) 4 Kid(SS) Visit to Shriner's Hospital in Greenville, SC
August 15, 2017**

On August 15 eight members of Charleston Base and two members of Golden Corners Base (Greenville, SC) joined in a Kap(SS) 4 Kid(SS) visit to Shriner's Children's Hospital in Greenville, SC. This was a visit that was over a year in planning because the number of patients at the hospital was greater than a single base could handle. Charleston Base Kap(SS) 4 Kid(SS) coordinator, Bill Kennedy, coordinated the visit with the Golden Corners Base. A total of 31 patients were visited and presented with Honorary Submariner hats, certificates, coloring books and crayons. Bill's wife June helped with the visit. As you can see from the following pictures the visit was well received.
