Click on FILES in the left column

Click on the USSVICB Pictures folder to open.

Use this button in the right hand column to upload the folder containing the picture/pictures to this folder for me to use on the web site. Pretty self-explanatory on how to upload once you click on the button.

When done logout of the account.

Send me an e-mail when pictures are uploaded to webmaster@ussvicb.org and I'll pull them down to my computer.
